The Asian Art Museum of San Francisco - is one of the largest museums in the Western world devoted exclusively to Asian art. An architectural gem featuring a dynamic blend of beaux arts and modern design elements, the museum building is the result of a dramatic transformation of San Francisco's former main library by renowned architect Gae Aulenti (designer of Paris's Musée d'Orsay) into a showcase for the museum's acclaimed collection and exhibitions.

The bride and groom can choose to have three floors of galleries or special exhibitions available for their guests to enjoy during their wedding event. In addition, wedding coordinators can add varied and unusual Asian-themed entertainment options including taiko drumming, lion dancing, henna artists, and Chinese or Japanese calligraphy artists.
