Both the bride and groom wanted to have their special day be about bringing all their family and friends together, not just about themselves. Laura, the bride, says she was so blessed to have the ceremony be in the garden of her parent’s house where she grew up. "It was wonderful to share this important place with Will's family and all of our friends."

Laura is RED HOT...cruisin' to the aisle with her dad, an avid car collector, in one of his classic cars. Good Gracious! Events and Bobbe Vogel Floral achieved Laura’s dream to the fullest with a “Midsummer’s Night Dream” décor for the ceremony and reception.....and they did just that! The flower choices... the whimsical color palette... the table settings....the linens--every element works together beautifully to achieve Laura and Will's night to remember.
