

SD2 Captures A Warm & Personal Wedding of Jen & Joe

SD2 Captures A Warm & Personal Wedding of Jen & Joe....all inspired by the geometric patterns of the bride's engagement ring....

[Read more...](#)

With the bride's parent's beautiful estate as the location, Jen & Joe loved the personal and meaningful experience this provided for not only them, but for their family and friends too. To continue the "personal-touch" as their theme for their wedding, the geometric and unique details of Jen's engagement ring design by Steven Kretchmer was the source of the inspiration. Those pleasing designs were perfectly accentuated by Your Neighborhood Florist and the fabulous team from LA Party Rents. The succulent menu and dessert table was created by 678 Dine. A fun display and certainly a fun item to eat, chocolate mousse and cheesecake mousse in shot glasses towered high on the dessert table as an alternative to a traditional cake.

Jen & Joe really wanted their guests to share in their joy, love, and passion....or better said, to have a "rockin" good time....and with that, 11H Entertainment was just what the doctor ordered! Steven, the owner of 11H, really knows how to create a cool party! The happy couple spent their honeymoon

night at the Four Seasons Hotel Westlake Village before leaving for the Qamea Resort and Spa, arranged by CostoTravel.
